RAMCHANDRA

Full Stack Developer

Bengaluru, India | +91 8088237366 | rajalasangi@gmail.com | linkedin | github | portfolio

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in **Java, Spring Boot, Spring Security, RESTful APIs, Hibernate/JPA, and SQL**. Knowledge of **MERN Stack (MongoDB, Express.js, React.js, and Node.js)**, JWT authentication, role-based access control, database integration, and full-stack web development. Strong foundation in **Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), and DBMS**, with a focus on building secure, scalable, and maintainable web applications.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend Development: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Vite

Backend Development: Spring Boot, Spring MVC, Spring Security, Servlets, Node.js, Express.js, RESTful APIs, Microservices

Databases: MySQL, PostgreSQL, MongoDB, JPA, Spring Data JPA, ORM, Hibernate, JDBC

Security: JWT Authentication, Role-Based Access Control (RBAC), BCrypt, OAuth 2, Authentication and Authorization

Testing & API Tools: Postman, Swagger, OpenAPI, API Testing

DevOps & Development Tools: Git, GitHub, Maven, Docker, Docker Compose, Jenkins, Apache Kafka

Core Computer Science: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), DBMS, Operating Systems, Java Collections, Exception Handling, Multithreading, SDLC, Agile

EXPERIENCE

Full Stack Developer Intern – JSpiders **Jan 2026 – Present**

Bengaluru, India

- Developed full-stack web applications using **Java, Spring Boot, React.js, and SQL**, implementing end-to-end application workflows.
- Built and integrated **RESTful APIs** for CRUD operations, business logic, and frontend-backend communication.
- Implemented secure authentication using **Spring Security, JWT, BCrypt, and role-based access control**.
- Worked with **MongoDB, Express.js, React.js, and Node.js** to develop full-stack JavaScript applications and REST APIs.
- Performed API testing and debugging using **Postman**, troubleshooting backend, database, and integration issues.

PROJECTS

FinancePro – Enterprise Loan Management System

Technologies: *Java, Spring Boot, Spring Security, Spring Data JPA, Hibernate, React.js, PostgreSQL, Apache Kafka, Docker*

- Developed loan management workflows for **customer onboarding, KYC, EMI calculations, payments, penalties, and recovery**.
- Built REST APIs for loan and payment operations, using validation and database transactions to maintain data consistency.
- Secured application endpoints with **JWT authentication and role-based access control**.
- Integrated **Apache Kafka** for asynchronous event processing and Docker for containerization.

Carbon Calculator – Carbon Emissions Management System

Technologies: *Java, Spring Boot, Spring Security, React.js, Hibernate, MySQL, REST APIs, Swagger/OpenAPI*

- Developed a carbon tracking platform to calculate and monitor organizational emissions across **Scope 1, 2, and 3**.
- Implemented emission-factor calculations and validation to improve calculation consistency and data integrity.
- Developed and documented **20 REST API operations across 13 resource paths** for emissions, activity records, products, batches, and allocations.
- Enforced **JWT authentication, organization-level data isolation, and allocation validation** to protect records and prevent invalid allocations.

Enterprise E-Commerce Microservices Platform

Technologies: *Java, Spring Boot, Spring Cloud, Spring Security, JWT, JPA, Hibernate, MySQL, OpenFeign, Apache Kafka, Docker*

- Designed a microservices architecture for **authentication, users, products, orders, inventory, payments, and notifications**.
- Configured **Spring Cloud Gateway and Netflix Eureka** for API routing and service discovery.
- Implemented secure REST APIs using **Spring Security, JWT, and OpenFeign** for inter-service communication.
- Integrated **Apache Kafka** for asynchronous event processing and Docker for containerized deployment.

EDUCATION

B.Tech – Computer Science & Engineering **2022 – 2026**

VTU Centre for PG Studies, Kalaburagi *CGPA: 8.44/10*

CERTIFICATIONS

Java Full Stack Development – JSpiders, Bengaluru

ADDITIONAL INFORMATION

Areas of Interest: Java Full Stack Development, Backend Development, REST API Development, Database Development, Software Engineering
Hobbies: Coding, Learning New Technologies, Problem Solving, Exploring Software Development Tools
Languages: English, Kannada, Hindi
